

• For monochrome(DIM)

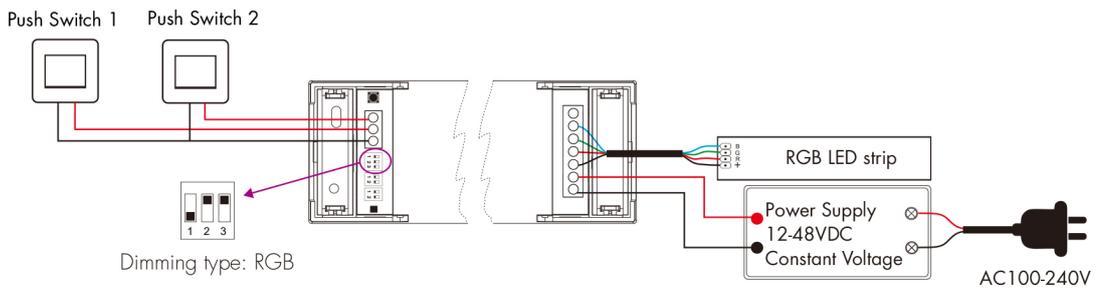

• For Dim to Warm(DIM)

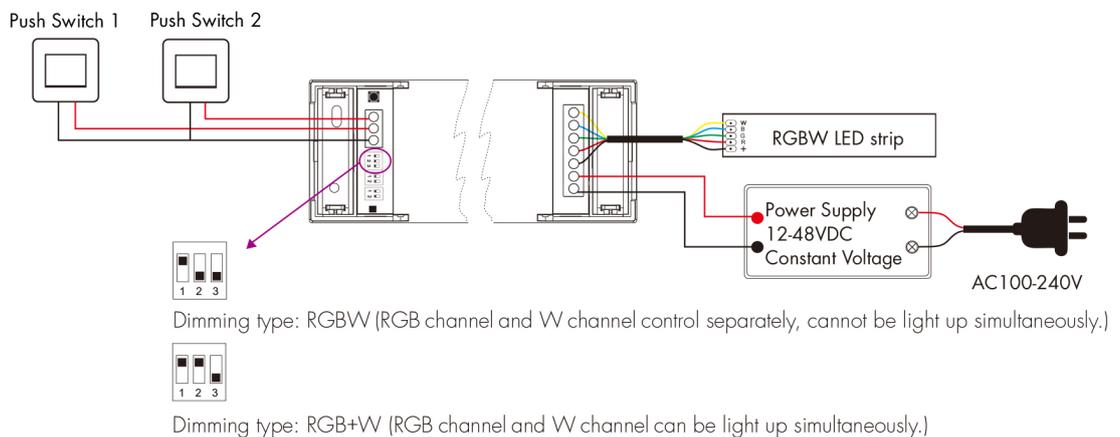

• For Tunable White(CCT)

• For RGB

• For RGBW

Anmerkung | Note:

1. Nachdem Sie den Lichttyp per DIP-Schalter geändert haben, führen Sie die Konfiguration der Tuya Smart-App erneut durch.
2. Dimmspeicher: Das Licht kehrt nach dem Aus- und Wiedereinschalten zur vorherigen Dimmstufe zurück, auch bei einem Stromausfall.

1. After changed the light type by DIP switch, please redo the Tuya smart APP config operation.
2. Dimming memory: Light returns to the previous dimming level when switched off and on again, even at power failure.
